

Simply Projects® Method: Management Briefing

Course Description

The event covers a description of the WPM PRINCE2 based Project Management Method and places the approach into context for the attendees.

The 2-hour briefing includes the following:

- Y Instructor led briefing
- Y Group exercise

Course Objectives

The course will enable delegates to:

- Y Understand the Project Management Method being introduced
- Y Identify the organisational benefits to using a Project Management Method
- Y Communicate the approach of the method to other staff

Intended Audience

The event is recommended for Directors and Senior Management who may be participating in a Method based project rollout Programme.

Previous experience of PRINCE2 is not necessary.

Course Outline

The briefing addresses all aspects of the Method approach and the reasons for adopting the Method. It defines the term “Projects” and explains the components of the Method.

What’s included

- Y Services of a PRINCE2 Practitioner
- Y Delegate handout pack

Your Instructor

All WPM’s instructors are practising Project Managers, with many years of experience managing projects of varying size. All instructors are themselves “PRINCE2 Practitioners”.

Benefits

- Y The attendees will understand the context of the organisation’s approach to a Project Management Method.
- Y The briefing promotes buy-in and support for the Method from the attendees
